

**Australian House & Garden magazine** has just listed our business "***Absolute Plumbing Qld***" in the exciting new digital version of H&G Little Black Book.

First published in 2013, the Little Black Book is a handy directory containing valuable industry contacts, and it was warmly welcomed by H&G readers.

The digital 2014 Little Black Book has just been launched with the October issue of H&G, and it's available free for ipad by downloading the Australian House & Garden app from the app store.
